Language Training in Tier 2B

■ Background

- SecDef Directive Memorandum 11-002: “It is DoD Policy that...deployed personnel should be trained to extend and understand the local greetings, courtesies, and social customs in the languages of the region to which they expect to be assigned.”
- “Everyone should learn basic language skills. Every deployed person should be able to greet locals and say “thank you.””

■ Discussion

- ‘RAPPORT’ is a 6-8 hour, self-paced, interactive computer-based
 - Greetings, introductions, polite expressions, basic commands, basic questions, making a purchase, time expressions, etc.
 - Adopted by US Army & USMC as **basic survival language** curriculum
 - Meets ‘Survival Language Requirement’ in ISAF/CC’s guidance

■ Recommendation:

- **Add Language reqmt in Tier 2B for Airmen deploying to IRQ & AFG**

- **BLS Health Care Provider Course – required for personnel involved in direct patient care**
- **BLS HeartSaver AED – required for personnel who are not involved in direct patient care**
- **Courses: AHA or in a BLS course based on national published guidelines.**
- **Renew – every 24 months**
- **MRDSS ULTRA – based on AFSC will list only the course required**

Expeditionary Patient Staging System (E-PaSS)

UNCLASSIFIED

Unrivaled Global Reach for America ... ALWAYS!

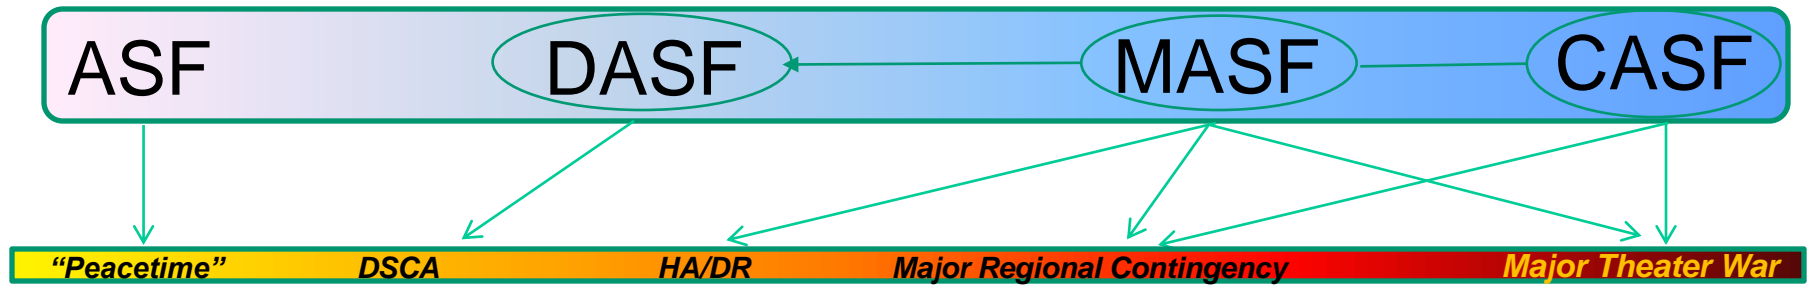

U.S. AIR FORCE

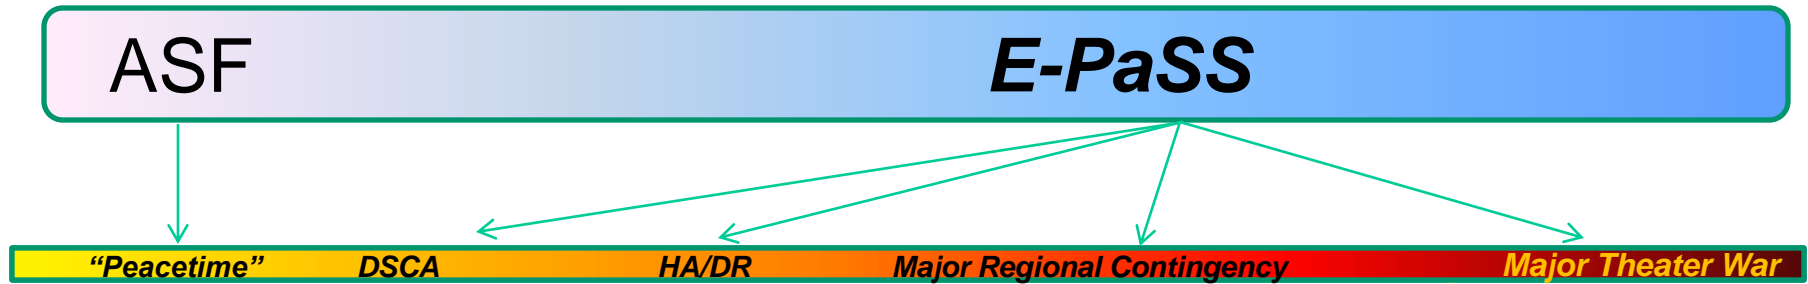

Purpose

- **Outline Concept for Integrating Multiple Aeromedical Staging Facility Product Lines/Capabilities into a Expeditionary Patient Staging System (E-PaSS) to Support En Route Care**

- **Alphabet Soup of ASF Response**
 - **Confusing to Outside Agencies**
- **Different Training Platforms & Requirements**
- **“A” - Aeromedical Evacuation Output**

- One Concept – One System
- Meet the Requirement
- Standardized Training
- “S” – Staging; Multiple Outputs

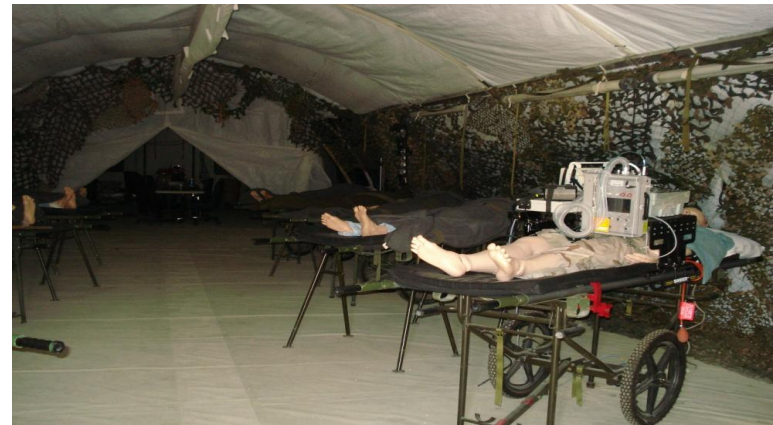

- **Flexible Patient Staging Configured to Rapidly Respond to:**
 - **Defense Support to Civil Authorities (DSCA)**
 - **Humanitarian Assistance/Disaster Response**
 - **All Phases of Military Operations**
- **Capabilities: Similar to Current MASF/CASF/DASF Except:**
 - **Bigger facilities Build on Initial Personnel Package**
 - **Capabilities Sized to Requirements**
 - **Standardized Training Platform, Common Baseline for All**

U.S. AIR FORCE

E-PaSS Goals

- **Improve AFMS's Capability to Respond Across the Spectrum of Contingencies**
- **Capitalize Lessons Learned from Ongoing Staging Operations, Hurricane Response, Shifting in Patient Acuity**
- **Maintain Tactical/Mobile AE Support Capability**
- **Integrate Training for System Efficiencies**

U.S. AIR FORCE
